EXPERIENCE

Webtech developers Pvt Ltd

Kothrud, Pune.

Feb 2023 to Dec 2023

At Webtech Developers I was Actively involved in live projects like: [Dev.deskshare.com](https://dev.deskshare.com), and [Quizsecure.com](https://quizsecure.com).
I was Committed to continuous growth and mastering cutting-edge web development technologies.

March 2023 - June 2023

While working on dev.deskshare.com I learned how to make an old website with a new technology/language with much more useful and optimized functionalities. This was a project which was getting worked on when I joined and it made me learn Django core concepts and payment gateway integration.

July 2023 - December 2023

Second project that I got at Webtech developers was a project which I had to built from scratch by using Django rest framework along with react to make it fast, secure and reliable when hosting thousands of users. I used technologies like Django, Django rest APIs, React, Swagger, jQuery and many more while working on this project from scratch.
